

LESSON PLAN

Language and Communication Development

Early Learning goals

- Engage with technology for fun and to make meaning (EYLF learning outcome 5.5).
- Engage in enjoyable interactions using verbal and non-verbal language (EYLF Learning outcome 5.1)

Convey messages with purpose and confidence (EYLF Learning outcome 5.1).

Activity

Encourage collaborative learning about and through ICT between children. Have one child in the outdoor communicating about an insect that they see or an activity that is occurring with another inside. If they need help, teach them how to communicate with a walkie-talkie to communicate with each other.

Extension

Use this activity for EAL children who usually speak very little.

ICT Resources

- Walkie-talkies

ICT Levels of Differentiation

- To know that they enable communication.
- To be able to operate controls - aided/non-aided.
- To hold conversation with others.

Teacher Learning Needs *(what do you need to know?)*
